Mayes Testing Engineers, Inc. Promotes Monica Elliott to Administrative Supervisor

Tacoma, WA – January 23, 2008 - Mayes Testing Engineers, Inc. (MTE) recently promoted dispatcher, Monica Elliott, to Administrative Supervisor for the Tacoma office. Ms. Elliott joined MTE in October 2005 and has quickly become an important member of the team. In her new role Ms. Elliott will be responsible for dispatch, project coordination and office supervision.

MTE is a full-service testing and inspection agency. The company has grown from a 15- employee operation when MTE President Michael Mayes first acquired it in 1991, to over 125 employees today. The growing company has made it its business to ensure that the buildings it inspects go up, and stay up. “We inspect all the construction components, from the concrete to the welding to the masonry to the soil,” says Mayes.
